

2015 AWARDS

TERESA BRICE LEADERSHIP AWARD **MEB Management Services**

MEB's business practice has always included being a good neighbor and giving back to the community. In 2014 MEB expanded their community service efforts to a broader audience by focusing on one particular area of need—homelessness. They developed their BAM (Big Audacious Miracle that Everyone Has a Home. This goal includes all their team members and partners working together.

MEB is working with numerous partners to manage affordable apartment communities to help provide homes for people who need a hand up. We are working towards a goal of ending homelessness with several ownerships and organizations.
